We called Steve to help us with painting the eaves & trim for our home in Caringbah.

They managed to do everything very quickly & efficiently, finishing the job in only 2 days!

His team was quick, efficient, polite & handled access to some very cramped & high areas with seeming ease. We would highly recommend them! They also left the work areas spotless & clear.

Thank you Steve, Min and your awesome Rainbow Team!

Wow!!
Amazing Service!!

Steve and his team painted, prepared
and finished our 2 Storey, Eves, fascias
and lead work, within days!

Very competitive, reliable and honest
workmanship.

Highly recommended to All.

Fantastic Job!

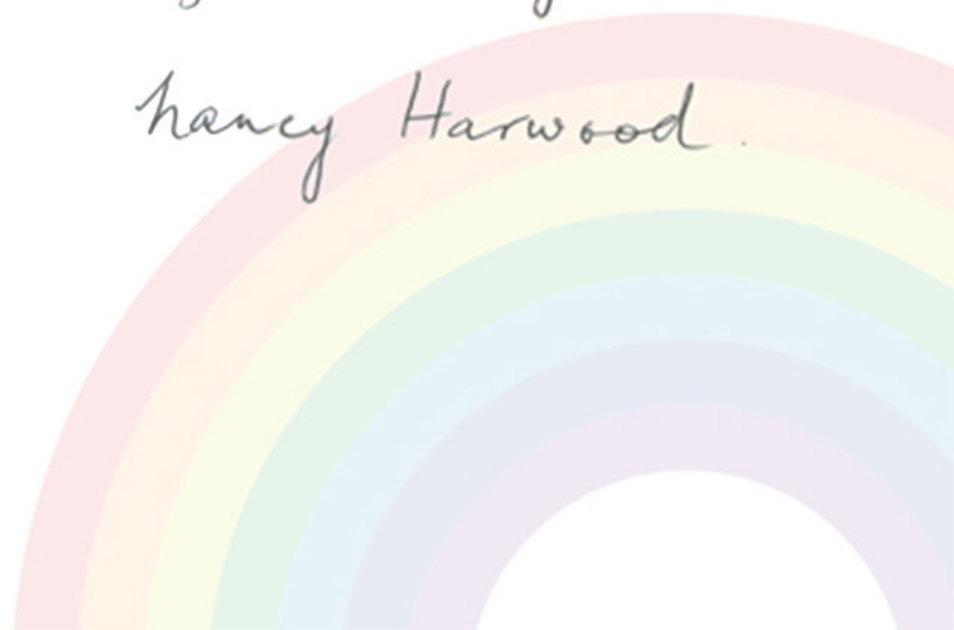

Thank you!

Rainbow Painting Service has painted inside and outside of my home. I am very happy with the result, especially my fence. The painters are efficient and obliging, quick to correct any imperfections, and generally very tidy. Parts of my garden suffered but on the whole, they cleaned up satisfactorily. The paintwork itself is of a high quality.

Contacted Steve and asked if he could do a quick spruce up of a property we were putting on the market the following week. Steve re-scheduled some of his jobs and completed the work within our time frame.

Thanks Steve and his painters on a great job. The service was first class and the quality of the workmanship was great.

I wouldn't hesitate in recommending Rainbow Painting Service and will definitely using them on future painting jobs.

To who it may concern

I found Rainbow painting services to
have provided very good value for money
services and would recommend their services

31st May 2016

I have just had the outside white areas (e.g. gutters, eaves, etc) painted by Rainbow Painting Service Co.

Steve supervised the three painters and nothing was too much trouble. They used Dulux Weathershield and gave two coats everywhere except the gutters where they did three coats.

They were very obliging, punctual, quick and professional workers and I would recommend them to anyone wanting some painting done. Their rates were comparable with other companies but they were very clean, laying ground sheets everywhere and did a great job.

Couldn't be happier.

It is my pleasure to recommend the staff of Rainbow Painting Service. I found them to be reliable and friendly and they arrived promptly on the day agreed upon. They were punctual, arriving, on time each day. Their quality of work was exceptional and professionally executed and advice regarding colour and finishes was given when requested. All care was taken with furnishings and carpet while keeping within the timeline.

After having Rainbow Painting Service paint the interior of my house I would happily recommend Rainbow Painting Service to anyone requiring their house or any other building to be professionally painted by them.

Yours Faithfully

Sandra Murray-Hooke

We recently had our two storey weatherboard house painted by Rainbow Painting Services. This was a huge job. They were great, very neat and made sure everything was covered with drop sheets. Their attention to detail was amazing, with gaps/ holes filled and sanded, they even repaired loose pickets, which we've had for years! We were very happy with the job and would have no hesitation in recommending Steve and the team at Rainbow Painting Services.
